TO WHOMSOEVER IT MAY CONCERN

M/S Rishabh Instruments Pvt Ltd from Nashik had supplied Multi Function Meters and Energy Management Software and LT Metering Current Transformers at M/s ASRE SOCIETY (ASRAM HOSPITAL), Eluru – Andhra Pradesh in the year of 2013.

M/S Rishabh Instruments Pvt Ltd completed the installation and commissioning as per the schedule and since then the meters and software are working satisfactorily.

Online monitoring and trending of electrical parameters of each feeder which helps us to monitor the trend of demand parameters

Monitoring of Single Line Diagram which help us to monitor the total plant electrical systems

Generate Reports in various formats including hourly consumption of feeder, 3 shift consumption & Difference, monthly report, etc. along with the feeder-wise TOD report

Historical trending of various feeders

After sales services are found satisfactory.

Thanking You,

A V Subbaraju
(Manager Engineering)
