To Whomsoever It May Concern

This is to certify that M/S EnergySolution Labs Pvt. Ltd - ESL (100% subsidiary of M/S Rishabh Instruments Pvt. Ltd. - Nashik) has successfully implemented the Online monitoring solution MARC at our Varroc Plant-7 Aurangabad to monitor Energy consumption of individual machines.

Since April 2018, ESL has deployed MARC system to monitor energy meters installed in our plant area. We can monitor each machine and Incomer energy data. MARC system helps us as a tool for energy monitoring as well as scheduling conservation activity. Also help us to monitor machine through-put along with operator's performance.

We have designed custom reports to make our daily energy consumption analysis more effective and to make more actionable activities for energy conservation goal. The great feature of MARC system we utilizing is it can be used anywhere and on any smart device.

Mobile App help us to monitor the status of machine and remove the reporting dependability.

Custom reports which help us improve the co-ordination between production and maintenance.

- A. Ideal Machine Time
- B. Power supply outage count
- C. Variation of machine RUN Hours
- D. Machine wise consumption pattern
- E. Machine wise consumption against production
- F. Machine load pattern help for better scheduled maintenance.
- G. Per piece / per batch consumption

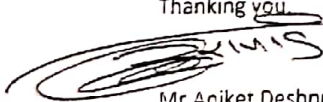

Apart from this many other reports are generated which help us in production, maintenance schedule.

Support after sales receiving from ESL team whenever required is also appreciable.

They help us to design, derive & understand the reports in details which help us to drive the improvement activities in out plant.

We recommend ESL products and services for such monitoring requirement.

Thanking you

Mr. Aniket Deshpande.
Manager Maintenance.
Varroc Plant-07
