## TO WHOM SO EVER IT MAY CONCERN

This is to certify that M/S Energy Solution Labs Pvt Ltd - ESL (100% subsidiary of M/S Rishabh Instruments Pvt Ltd. - Nashik) has successfully implemented the Energy Management System (EMS) product MARC at our Kalyani Steels Limited- (KSL) Hospet road, Ginigera – 583228 - Koppal Karnataka Plant.

Since July 2019, M/s ESL has deployed MARC system to monitor energy meters installed in our KSL-Rolling Mill Shop (RMS) -1 plant. We can monitor power consumption at each stage of RMS-1process. The custom excel report offered in MARC is suffice our daily energy analysis in traditional report format which eliminate glitch due to new automated system for monitoring requirement. It is very useful for us to assess power consumed at different locations per minute, per hour & daily basis.

Support after sales receiving from M/s ESL team whenever required is also appreciable. We recommend M/s ESL products and services for such monitoring requirements.

Thanking you,

Mr. G. B. Madhusudan.

AGM - RMS-1 Electrical & automation.
